FREQUENTLY ASKED QUESTIONS

What is covered under this Agreement?

Please check your individual agreement, however as a rule of thumb, everything related to keeping your existing IT environment in tip-top shape is covered.

Are Projects covered in my Agreement?

Unfortunately, we can't cover Project work under your Agreement. These are quoted separately to your ongoing monthly Agreement.

What are the standard Helpdesk Hours?

Our helpdesk is available 8am – 5pm Monday to Friday excluding US Public Holidays.

When is After Hours Support Available?

Simple, 24x7x365. Whilst we may not be able to respond as fast as we can during business hours, we will always aim to do our best.

Can I have regular onsite visits?

Absolutely, in fact we encourage every client of ours to have regular visits. Most productivity affecting IT issues go ignored until the IT person "walks past".

What technologies do you support?

We have in-house experience with loads of different technologies. (Microsoft, Apple, Google, and much more)

How is pricing managed?

As most of our pricing is based on a per user basis, we work out each month whether there is more or less staff and modify the agreement accordingly.

Is the Cloud useful for my business?

We strongly believe a "Hybrid Approach" is currently the best approach to utilising Cloud technologies. A mixture of onsite and offsite infrastructure works for most businesses.

How long is the Agreement for?

Typically, most agreements are 12 months, however the general rule of thumb is the longer the agreement, the better the deal.

Can I cancel my Agreement?

Absolutely, if we break any of the conditions, we promise to you, you have grounds to cancel your agreement with us and walk away.

Do you support Tablets and Phones?

Absolutely, we live in an age where everyone is connected all the time and we can assist your team with this.

Do you have standard forms we can use?

Absolutely, we have a vast array of Computer and Email Policies, Privacy Policies and Other forms. Ask us for more details.

DOWNTIME COMPENSATION GUARANTEE

At NerdsToGo, we stand behind our service reliability with a Downtime Compensation Guarantee. We commit to a 99% monthly uptime for our managed services. Should we fail to meet this commitment, we offer a prorated refund for the downtime experienced.

Compensation: If service uptime falls below our commitment, we'll refund a prorated portion of your monthly fee, based on the actual downtime.

Exclusions: This guarantee excludes downtime due to scheduled maintenance, external factors beyond our control, and issues stemming from client-side infrastructure.

Your trust is our priority, and this guarantee underscores our commitment to delivering dependable managed services.

FLEXIBILITY AND ADJUSTMENT CLAUSE

In our commitment to delivering the highest quality IT services, we acknowledge that our initial proposal may be based on preliminary insights. Specifically, if we have not performed a detailed technical assessment of your IT infrastructure before commencing services, it's important to recognize that adjustments may be necessary as we deepen our understanding of your needs.

Scope and Pricing Modifications: Without a prior technical assessment, the discovery of new information may lead to adjustments in the scope of services or resource allocation, impacting pricing. We assure you that any such changes will be transparently communicated and discussed with you, ensuring they align with your business objectives and budget.

Proactive Collaboration: We prioritize open and proactive communication, guaranteeing that any updates to services or pricing are made collaboratively, with your consent, and in the best interest of supporting your IT infrastructure effectively.
